software in the world. For an introduction and a quick overview, watch the video project file that's included in the course. To follow along with the tutorial, you'll want to ensure that you have a stable internet connection, that you have the video installed (you can always show offline, but you won't be able to save or access your model), and that you have SketchUp installed. The course begins with a video that introduces SketchUp and walks you through the basics and special features of the program. The rest of the course involves the following separate sections: Installation and SetUp - Basic Part - Truss - House - Fire - Police - Fortress - sketchUp is called SketchUp!
